Setup Guide: Giving consent to CloudBilling for CSP usage

Introduction

This short guide explains how to provide consent for CloudBilling to retrieve CSP usage on your behalf.

Give CloudBilling consent to retrieve usage on your behalf

- 1. Login to <u>CloudBilling</u>
- 2. In the top menu, hover your mouse over 'Connectors' and click on 'Microsoft CSP'
- 3. Click on 'Connector Settings'
- 4. Click on 'Login with your Microsoft Account'* *Note that the Microsoft Partner Center user must be an admin agent and have global admin rights.
- 5. Follow the steps as outlined by Microsoft

After consent is provided, CloudBilling retrieves usage from Microsoft on a daily basis.

Every day at <u>10:00 am CET</u>, the retrieved usage will be visible in CloudBilling in the form of Purchases.
